ATD Marketing,

I wanted to take a moment to thank your business for providing such an outstanding service to those who live in and near the Vermilion County area. As the Vermilion County Recorder, I need to advertise and be seen by as many people as possible. Of course, I wanted to do it for the best price. After looking at several opportunities, I noticed placemats at some of the local restaurants in our area. At that point, the placemats were bright colored, eye-catching and well organized. Best of all, they were printed locally. I wanted more information!

After meeting owner Joe Massey, I knew I had to look no further. His courteous and professional service is sincere and personable. He worked hard to create an ad with my logo and artwork that matched no others. I was very satisfied. He continues to check in with me periodically to make I remain happy with his service and most of all, his business.

Today, ATD Marketing provides a beautiful full full-color advertisement placemat that is still found in many restaurants throughout Vermilion County. It is exactly the low cost advertising opportunity that I was looking for. I am proud to be advertising on ATD Marketing placemats and continue to receive positive comments from folks on a continuous basis.

Thank you again for such outstanding service.

Most Respectfully,

Dave Stone,
Vermilion County Recorder of Deeds

To Whom it May Concern,

We would like to take this time to express our sincere gratefulness to ATD marketing. As a small business we must be economical in our choices of advertising. Our clientele are locals as well as tourist in our area. Searching for a way to optimize both demographics had been a challenge. Until... We were approached by Joe and ATD Marketing.

By working within our budget, he was able to give us access to many more potential clients than we thought possible. From the beginning to the end of the process. Joe worked with us to design the ad to best fit our shop. By placing a coupon within our ad, we were directly able to see the benefits from advertising on the placemat.

Being a small shop, we liked the "family" feel of dealing with Joe. We would not hesitate to recommend ATD and Joe to any business looking to advertise. Please take time to consider using ATD for one of your Advertising outlets.

Sincerely,

Scott and Georgena Bettis
